## School of Data Analytics Mahatma Gandhi University Kottayam

In the present data driven world all decisions and planning are deep rooted in data analytics and data science. The School of Data Analytics is established to train students in all aspects of Data Science and Data Analytics to meet the demand from scientific and industrial fields as well as business and health. In the new era of increasing thrust on interdisciplinary applications in Statistical Data Analytics and Data Science, there is wide scope and potential for postgraduate and research level interdisciplinary programs in these disciplines. One full semester Project Work and Internship are part of this program and will be carried out in reputed industries / national level institutes / universities etc. giving wide exposure for research and on the job training.
